ABOUT

My name is Luca and I love programming. I started programming when I was 15, with the C++ language. From there I went to the web development part. I studied the basics for fun, but now it's something I study on a daily basis. I am a self-taught programmer. I see myself with a good trajectory for the future.

ABILITIES

PROGRAMMING

HTML | CSS | SASS | BEM | Bootstrap | WordPress | JavaScript (ES6+) | GIT | GitHub | Scrum | Agile | REACT.js

DESIGN AND IDE'S

Adobe Photoshop | AutoCAD | Adobe Premiere | Adobe Xd | Figma | Sublime Text | Microsoft Visual Studio Code | Dev C++ | Arduino IDE | Word | Excel | Power Point

SOFT SKILLS

Proactivity | Creativity | Teamwork | Eager to learn | Communication | Persistence | Motivation | self confidence

EDUCATION

BACHELOR OF COMPUTER SCIENCE • UNIVERSITY

I am currently a regular student at the National University of Rosario pursuing a Computer Science degree. I studied a year together with this career, the degree in Physics.

HIGHER ELECTRONIC TECHNICIAN • HIGH SCHOOL

I finished high school with a technical orientation of six years with the title of superior electronic technician. There I acquired knowledge related to electronics and my first steps in programming.

EXPERIENCE

Most of my experiences are projects with which I have learned and studied, these projects become more complex over time, and I upload them to my GitHub account. However, I am dedicating myself to some projects as a freelancer, I will update that experience shortly.
